

Canine Post-Op Instructions

Your pet has undergone surgery. Apply nothing to the suture area. If you observe any of the following symptoms, call for advice or further instructions immediately: Therese: 610-248-7399 or Sue: 610-248-2078.

- Drainage at the suture area
- Redness at the suture area
- Bleeding at the suture area
- Swelling at the suture area
- Licking/Chewing at the suture area
- Loss of appetite
- Refusal to drink water for more than 24 hours
- Severe depression
- Lethargy
- Weakness
- Vomiting
- Diarrhea
- Severe pain

Please note:

Do not feed your animal until 9 PM tonight- feed a very small amount.

Additional Instructions: Discourage chewing and licking at the suture area. If persistent chewing/licking occurs, an Elizabethan collar will need to be purchased through your veterinarian or a pet store.

Restrict activity on all the surgical patients for 14 days.

Leash walk only to bathroom. No running, jumping or climbing stairs for 10-14 days.

No suture removal is needed.

Forgotten Felines and Fidos, Inc. is NOT responsible for any veterinary bills that may be incurred as a result of the surgery. Any veterinary bills are the responsibility of the pet owner.
