## Our Mission

The mission of Forgotten Felines and Fidos is to reduce the number of homeless, unwanted cats by offering a low-cost spay/neuter program and by working together with the community to help control the feline population. We provide a supportive environment for all the cats at our shelter until they can be matched with their forever home, or shelter them for the rest of their lives, if necessary. In addition, we provide medical care for the sick and injured in a nurturing environment. We are committed to educating feral colony caretakers and the general public on the humane treatment of feral cats. We offer a trap neuter release (TNR) program to encourage spaying/neutering and return to their natural habitat.
